

# Meet the Team      Cryptoassets

---

## Who are we?

---

Established in 1979, Wright Vigar is an independent firm of Chartered Accountants with offices across Lincolnshire, the East Midlands and in London.

Wright Vigar are one of the leading cryptoasset UK accountants and tax advisors, working closely with Recap.io to help you understand and comply with the accounting and taxation obligations of your cryptoassets.

In addition to helping you meet your compliance requirements, we can also offer tax planning advice to help you understand the tax implications of contemplated transactions and minimise future tax obligations.

Wright Vigar is an active member of Crypto UK, the UK's self-regulatory trade association representing the cryptoasset sector. We are part of Crypto UK's Tax Working Group to keep us at the forefront of the ever-emerging tax regime for cryptoassets.

If you would like to know more about our approach, and what it feels like to work with an accountancy firm that puts your needs at the centre of our service, simply give us a call on 01522 531341, and ask to speak to a member of the cryptoassets team – we would be delighted to hear from you.

## Here to help

---

**Louise Lane** FCA CTA  
**Associate Director**  
[louise.lane@wrightvigar.co.uk](mailto:louise.lane@wrightvigar.co.uk) | 01522 531341

Louise heads up our cryptoasset team and has 3 years' experience advising a breadth of clients on a wide variety of cryptoasset tax and accounting matters. She trained with Grant Thornton and has been with Wright Vigar since 2004. Her career started in accounts and audit, before specialising in tax, giving her considerable broad experience across all taxes and accountancy matters.

Louise has specialised in cryptoasset accounting and taxation since 2018. Alongside advising her many cryptoasset clients, during this period she has worked closely with Recap.io to:

- Assist in developing Recap's cryptoasset tax software
- Write the Recap UK Tax Guide for Individuals
- Liaised with HMRC regarding crypto tax uncertainties
- Provide ongoing tax advisory assistance with further software developments

She has over 20 years' accounting and taxation experience during which time she has advised a broad spectrum of clients, both individuals and businesses. These include large partnerships and companies (ranging from small owner managed companies up to £50m turnover groups). In addition to crypto services, she advises on income tax, capital gains tax, corporation tax (including research and development claims); employment taxes (including IR35 and the off-payroll worker rules) and HMRC Investigations.

**Chelsea Challis** ACCA

**Senior Tax Consultant**

**chelsea.challis@wrightvigar.co.uk | 01522 531341**

Chelsea is an experienced qualified Tax Advisor and Accountant with vast experience looking after the tax affairs of individuals and businesses. She works closely with Louise assisting our individual crypto clients with personal tax return compliance, HMRC voluntary disclosures and personal tax planning advice for cryptoasset clients. Her other specialisms include employment taxes (including IR35 and the off-payroll worker rules), HMRC Investigations and non residence advice.

**Jack O'Hern** FCA

**Director**

**jack@wrightvigar.co.uk | 01522 531341**

Jack has extensive experience in accountancy, audit and taxation matters. He works with a lot of clients in technology, innovative and creative sectors; spending a couple of days a week in our London office. Jack works with all our crypto business clients to provide a wide range of compliance and advisory services; alongside strategic support.

**Darren Calvert** MAAT

**Business Services Manager**

**darren.calvert@wrightvigar.co.uk | 01522 531341**

Darren has built up a vast amount of experience over 15 years by working with many different businesses; specialising in helping businesses grow and maximising tax efficient extraction of wealth for business owners. He works with Jack to look after the accounting and business advisory needs of our cryptoasset business clients.
