Job Specification

Crypto team – Tax Consultant / Senior Tax Consultant

Our fast growing crypto team provides an exciting opportunity for an experienced personal tax consultant to specialise in this area. No prior knowledge or experience in cryptoasset taxation is required, as full training and on-going support regarding crypto aspects will be provided.

General Responsibilities

- Preparing annual tax returns for individuals and partnerships
- Corresponding with HM Revenue and Customs as required, including assisting with any enquiries raised
- Liaising directly with clients (and third parties where necessary) to obtain all information to complete returns
- Preparing basic capital gains computations and other taxes
- Proactive working with clients to identify and carry out tax planning opportunities
- Assisting the Head of Crypto Team with more complex tax assignments involving high net worth individuals
- Meeting with new clients and sending out proposals (ideally, once comfortable with crypto aspects)
- Tax research as necessary
- Supporting the other tax professionals

Personal Skills

- Motivated and committed to provide an excellent service to both clients and colleagues
- Enthusiastic and desire to succeed
- A strong team-player
- Excellent organisational skills – a “finisher”
- Professional & personable

Experience/qualifications

- No prior knowledge or experience in cryptoasset taxation is required, as full training will be provided regarding crypto aspects
- 2 years' post qualified ATT preferred; or qualified by experience
- Strong excel/data analytical skills desired, but full training can be provided
